### **Assistant Professor of Mathematics Education or Statistics/Actuarial Science (Tenure-track)**

Applications are invited for a tenure-track position in either Mathematics Education or Statistics/Actuarial Science at the assistant professor level beginning September 1, 2010.

Applicants for the position in Mathematics Education must anticipate completing either a Ph.D. in mathematics education by the time of appointment and have a strong background (at least a Master's or equivalent) in mathematics, or anticipate completing a Ph.D. in mathematics by the time of appointment and have a proven record in mathematics education. Experience teaching college geometry and history of mathematics and familiarity with public schools will be considered an asset.

Applicants for the position in Statistics/Actuarial Science must anticipate completing the requirements for a Ph.D. in mathematics, statistics, or actuarial science by the time of appointment.

We seek candidates with research and teaching interests that complement those of current faculty, and who are committed to strengthening our undergraduate and graduate programs. Applicants must demonstrate promise of excellent teaching ability, outstanding research potential, and a commitment to working effectively with faculty and students from diverse backgrounds. The University places a high priority on the creation of an environment supportive of the promotion of women, minorities, veterans, and persons with disabilities.

The salary is competitive, with an excellent fringe benefit package. Applications will be accepted until the position is filled, with full consideration assured for complete applications received by December 19, 2009. Send curriculum vitae, outline of research accomplishments and plans, statement on teaching philosophy and experience, copies of graduate transcripts, and arrange to have three letters of recommendation sent to: Search Committee, Department of Mathematics, 321 Morton Hall, Athens, Ohio 45701-2979. Applicants must register at [www.ohiouniversityjobs.com/applicants/Central?quickFind=56060](http://www.ohiouniversityjobs.com/applicants/Central?quickFind=56060) and registration must be completed before an application will be considered. For details about the department including its Ph.D. and Master's programs, see <http://www.math.ohiou.edu>.

Ohio University is a Research-Extensive institution, enrolling 20,672 students on the Athens campus and more than 8,300 students on five regional campuses. Further information about Ohio University may be found at the university's web site: <http://www.ohio.edu>. Ohio University is an Equal Employment Opportunity, Affirmative Action employer. Women and minorities are strongly encouraged to apply.
