Association of Mathematics Teacher Educators
c/o SDSU/CRMSE

ATTN: Nadine Bezuk, AMTE Executive Director
6475 Alvarado Road, Suite 206
San Diego, CA 92120

Phone: (619) 594-3971

MEMBERSHIP BENEFITS

Collaboration & Networking:

- Diverse group of members with a variety of professional affiliations, interests, and expertise
- Annual meetings that allow for conversations and networking
- Discussion groups focused on important issues in mathematics teacher education

Organizational Events:

- Annual meetings
- Reception at NCTM Annual Conference
- Member of the Conference Board of Mathematical Sciences

Publications:

- Monographs focused on mathematics teacher education
- Newsletters
- Reduced price subscription to the *Journal of Mathematics Teacher Education*
- NEW journal – *The Mathematics Teacher Educator* – to debut in 2012.
- *Standards for Elementary Mathematics Specialists*.

Online Resources:

- Position statements related to mathematics teacher education
- Reviews and reports
- Announcements
- Job postings

GOALS OF AMTE

The Association of Mathematics Teacher Educators is a nationwide professional organization with a broad range of goals. Some of those goals are to:

- ❖ Promote leadership among mathematics teacher educators
- ❖ Encourage and promote the distribution of research related to mathematics teacher education
- ❖ Encourage and support programs for prospective teachers, especially for members of traditionally underrepresented populations
- ❖ Foster the incorporation of technology into teacher education programs in mathematics at all levels
- ❖ Strengthen communication among mathematics teacher educators at all levels as well as collaboration among mathematics teacher educators in departments of mathematics and departments of education
- ❖ Provide a voice of advocacy for mathematics teacher education on the national landscape

WHAT DOES AMTE DO?

AMTE serves as a clearinghouse for ideas and resources in mathematics teacher education.

The new online journal, *Mathematics Teacher Educator*, a joint publication of AMTE and NCTM, will be a dynamic archive to accumulate, organize, and improve practical knowledge of what works in teacher preparation. The first issue will be published in 2012.

AMTE publishes a newsletter four times per year providing a forum for issues and activities of concern to mathematics teacher educators.

AMTE has published a monograph series in mathematics teacher education. The two most current volumes are: (check out our website for Volumes 1 – 7)

Vol 6 *Scholarly Practices and Inquiry in the Preparation of Mathematics Teachers*
Vol 7 *Mathematics Teaching: Putting Research into Practice at All Levels*

AMTE works cooperatively with state and national certification and testing agencies to enhance preparation of prospective teachers of mathematics at all levels (K-16) with respect to criteria for credentialing and licensing of teachers.

Ongoing Work:
AMTE Standards for Elementary Mathematics Specialists – A Reference for Teacher Credentialing and Degree Programs and related conferences.
