Association of Mathematics Teacher Educators Affiliate Process

State and/or regional organizations may apply to become affiliates of the Association of Mathematics Teacher Educators (AMTE) by following these steps:

- Contact the AMTE Affiliate Director to confirm interest and verify application materials/process.
- Submit a letter of application to the AMTE Affiliate Director for review by the Executive Director and AMTE Board;
- Include a copy of your organization's constitution and by-laws; and
- Confirm that your organization's president is a current member of AMTE.

AMTE offers the following benefits to its Affiliates:

- A connection to an established national organization.
- A link to the AMTE website from your website.
- Links to your website from an Affiliates' page on the AMTE website.
- A copy of the AMTE newsletter sent to Affiliate Presidents/Chairs.

In turn, AMTE expects the following from its Affiliates:

- A link from the Affiliate to the AMTE website (if an affiliate website exists).
- Information about their conferences.
- A willingness and plan to promote AMTE membership within their organization.

As part of the Annual Report/Renewal Process, Affiliates will submit:

- Annual notification of current officers.
- Annual list of all current members of the Affiliate and the ability to mail/email notices to affiliate members.
- A copy of newsletters, if they exist.
- A copy of any revision to the constitution and bylaws.
- Verification that the President/Chair is an AMTE member in good standing.
- Payment of an annual affiliation fee, equivalent to the AMTE individual dues.
