

**Position Title: Assistant Professor Mathematics Education**  
**Department: Curriculum and Instruction**

**Description of duties, responsibilities and qualifications:**

The Department of Curriculum and Instruction in the Reich College of Education at Appalachian State University invites applications for the following nine-month tenure-track position at the rank of Assistant Professor beginning in August, 2014.

Qualifications for the position include the following:

1. Earned doctorate (ABD considered) in Mathematics Education, Curriculum and Instruction, or closely related area;
2. Ability to teach mathematics education in the undergraduate and graduate elementary and middle grades programs;
3. Record of teaching experience required; public school and university level teaching experience preferred;
4. Evidence of scholarly potential required, established record of scholarship/creative activity preferred;
5. Commitment to working in a community of practice, to a social constructivist perspective of teaching and learning, to the integration of field experiences in professional coursework and to working with diverse populations;
6. Eligibility for North Carolina teaching licensure.

Specific duties and responsibilities: Teach a variety of courses in the elementary and middle grades program areas at the undergraduate and graduate levels primarily in mathematics education; participate in partnerships with area schools. Some teaching may be at off-campus sites. Salary commensurate with qualifications and experience.

Appalachian State University is a member institution of the sixteen-campus University of North Carolina. Located in Boone, North Carolina, the university has approximately 17,000 students, primarily in bachelors and masters programs in both liberal arts and applied fields. Appalachian has both a traditional residential campus and a variety of distance education programs. Additional information about the Department of Curriculum & Instruction, the university, and the surrounding area is located at: <http://www.appstate.edu>

Applicants must send a complete electronic application consisting of a letter of application, vita, and names and contact information of five professional references as pdf or word documents. Applications should be sent to Dr. Chrystal Dean at [deanco@appstate.edu](mailto:deanco@appstate.edu) and indicate "mathematics education position" clearly in the subject line. The initial review of complete applications will begin November 30, 2013 and will continue until the position is filled.

Appalachian State University is an Affirmative Action/Equal Opportunity Employer. The university has a strong commitment to the principles of diversity and inclusion, and to maintaining working and learning environments that are free of all forms of discrimination.

Individuals with disabilities may request accommodations in the application process by contacting Dr. Chrystal Dean. Any offer of employment to a successful candidate will be conditioned upon the University's receipt of a satisfactory criminal background report. Documentation of identity and employability of the applicant will be required before the hiring process can be finalized.
