## School of Teaching, Learning and Curriculum Studies

## Assistant/Associate Professor, Tenure Track Elementary Mathematics Education Position # 998482

Setting: Kent State University (<a href="http://www.kent.edu/">http://www.kent.edu/</a>) is located in Northeast Ohio, a geographic area rich in institutional diversity. Kent, Ohio (<a href="http://kentohio.org/">http://kentohio.org/</a>) is a mid-sized community on the Cuyahoga River, approximately 10 miles from Akron, 35 miles from Cleveland, and 15 miles from the Cuyahoga Valley National Park. With more than 35,000 students in undergraduate, graduate, and off-campus programs, the university is one of 91 public doctoral universities and one of only five universities in Ohio awarded R1 status for highest research activity from the Carnegie Classification of Institutions of Higher Education. Additionally, Kent State is the highest-ranking public university in Northern Ohio on the Top Public Schools, and Best National Universities lists by U.S. News & World Report. For the 10<sup>th</sup> time, Kent State University is recognized as a "Great Colleges to Work For" according to the Great Colleges to Work program. Additionally, the teacher education programs at Kent State have a strong commitment to social justice.

**Responsibilities:** The successful candidate will work with faculty in the Kent State mathematics education group (<a href="http://www.kent.edu/mathed">http://www.kent.edu/mathed</a>) as well as the program areas of Early Childhood Education (<a href="grades preK - 5">grades preK - 5</a>) and Curriculum & Instruction. Additionally, the successful candidate will:

- Have an active research agenda and demonstrated potential for research productivity (i.e., peer-reviewed publications, national conference presentations);
- Seek extramural funding;
- Teach undergraduate methods courses focusing on elementary mathematics education and graduate level courses in Mathematics Education and/or Curriculum & Instruction;
- Advise Masters and Doctoral students in the mathematics education program;
- Participate in program, school, college, and university committees;
- Develop/maintain partnerships with local school districts.

**Qualifications**: Doctoral degree in mathematics education or a closely related field; three years teaching experience (preferably at the elementary level); demonstrated potential for research productivity in the form of peer-reviewed publications and conference presentations; demonstrated potential for success in college teaching and contributing to academic program development at the undergraduate and graduate levels; demonstrated ability to work in partnerships with schools; and excellent oral and written communication skills.

**Salary:** Competitive and commensurate with qualifications.

**Application & Appointment Dates:** Review of applications will begin on **October 22, 2022** and continue until the position is filled. The successful candidate will begin in August 2023. Kent State University is an equal opportunity/affirmative action employer and strongly encourages underrepresented individuals to apply.

**Application:** Please apply at <a href="https://jobs.kent.edu">https://jobs.kent.edu</a>. Please include a detailed letter of qualifications, curriculum vitae, and letters from at least three (3) references. For more information, contact Dr. Karl W. Kosko at <a href="kkosko1@kent.edu">kkosko1@kent.edu</a>. For more information about our college, visit <a href="https://www.kent.edu/ehhs">https://www.kent.edu/ehhs</a>.
